Ion Series

Direct Vent Gas Fireplace

# Ion Series

modern  
versatility

Take modern style to new places with the Ion gas fireplace series. At only 7-inches deep, these vertical and horizontal models can install in nearly any room—quicker and easier than other fireplaces. Two front color choices and an ambient backlighting option create a truly unique look in any environment. Think differently about fire and take modern style to new places. It's all possible with the Ion series.

## Ion Series Features

- Horizontal and vertical models
- Ambient LED backlighting option
- Two fronts available in bronze or black
- Up to 24,000 BTUs

## Options

### Fronts

Horizontal in Black

Vertical in Bronze

### LED Backlighting

Red

Amber

Lime Green

Cyan

Royal Blue

Light Purple

### Black Glass Liner

## Technologies

**IntelliFire™ Plus Ignition System** The IntelliFire Plus ignition system (IPI Plus) is an advanced intermittent pilot ignition system with memory settings and a programmable wireless control. IPI Plus constantly monitors ignition, ensures safe functioning and conserves up to \$10/month in energy costs. To learn more, visit [heatilator.com](http://heatilator.com).

**Direct Vent Technology** Direct Vent fireplaces remove 100% of combustion exhaust and odors outside of the home. These sealed fireplaces provide optimal heat, conserve energy and ensure clean, safe indoor air quality. To learn more, visit [heatilator.com](http://heatilator.com).

**Cover:** Ion Horizontal with black Four Square front

**Left:** Ion Vertical with bronze Four Square front and LED backlighting

### Limited Lifetime Warranty\*

The strongest in the industry, Heatilator provides a limited lifetime warranty on gas-burning products of the most important aspects: firebox and heat exchanger.

\*For full warranty details go to [heatilator.com](http://heatilator.com).

The information provided in this literature is for planning purposes only and subject to change. Please consult the installation manual for actual installation. Actual product appearance may differ from product images.

Fireplace glass and other surfaces get extremely HOT and can cause severe burns if touched. Do not remove the protective safety screen from the front of the glass. Keep a safe distance away. To learn more visit [www.heatilator.com/fireplacesafety](http://www.heatilator.com/fireplacesafety).
