heatilator®

The first name in fireplaces

Caliber Series

Direct Vent Gas Fireplace

**Available IntelliFire®
app and voice control**

Caliber Series

traditional style
proven value

The Caliber Series delivers bold fire and impressive heating power to create a dramatic focal point in any room. The Caliber comes standard with a painted black interior, glowing embers and a full log set. The Caliber nXt upgrades the experience with a textured fiber interior, greater heat output, and a standard fan to evenly distribute the heat into the room.

Create your unique look by pairing designer front and finish options and define your space with traditional style, proven value and a beautiful roaring fire.
Caliber Features

- 36" or 42" wide viewing area
- Black painted interior panels standard; additional interior finishing options also available
- Enhanced safety with the IntelliFire Touch® ignition system
- Select from the IntelliFire® app, touchscreen remote control or wireless wall switch for the solution that fits your life
- Three fronts with two finishing options
- Optional heat management solutions
- Optional variable fan speed

Caliber nXt Features

- 36" or 42" viewing area
- Enhanced safety with the IntelliFire Touch ignition system
- IntelliFire® touchscreen remote comes standard; add the IntelliFire app or wireless wall switch for the solution that fits your life
- Standard variable flame height and variable fan speed
- Standard herringbone or traditional interior panels
- Three fronts with two finishing options
- Optional fade-resistant reflective black glass interior panels
- Optional heat management solutions

Controls

IntelliFire App

All the features of a remote control with an app installed on your smart device. Monitor your fire from anywhere or even control it with the sound of your voice. IntelliFire is compatible with voice assistants Amazon Alexa and Google Assistant.

Touchscreen Remote

Features: on/off, flame height adjustment, fan speed, lights adjustment, thermostat mode, room temperature readout, child lock, timer mode, battery backup, cold climate mode, power vent, wall docking station (fan, lights and power vent are dependent on your fireplace).

Wireless Wall Switch

Features: on/off, battery strength indicator, cold climate mode

Additional Options Not Pictured

- Fan Kit
- Gas Conversion Kits
- Heat Management Solutions
- Mantels and Surrounds

Venting

- Direct Vent: DVP pipe and SLP pipe

Technologies

IntelliFire Touch Ignition System IntelliFire Touch is our most advanced intermittent-pilot ignition (IPI) system, making operating your appliance simple, smart and safe. Select from the IntelliFire app, touchscreen remote or wireless wall switch for the solution that fits your life.

Direct Vent Technology Direct Vent fireplaces remove 100% of combustion exhaust and odors outside of the home. These sealed fireplaces provide optimal heat, conserve energy and ensure clean, safe indoor air quality. To learn more, visit heatilator.com.
